

# Get Out

## Madball

I don't want you around  
Get out, get out  
I don't want you here  
Get out, get out I don't care what you do  
Get out, get out  
I don't care what you say  
Get out, get out I don't want you around  
Get out, get out  
I don't want you here  
Get out, get out I don't care what you do  
Get out, get out  
I don't care what you say  
Get out, get out Madball  
Stay the fuck out
