

Prisms

Damien Jurado

As your light upon the window
I could clearly see the dawn
And it stops the conversations
That go on 'til the mornDid i lose you in a daydream
Or the prism in your eye
Where you're keeping all my memories
And recordings of our lifeDo we still go on
Long after rewindWho's to really know
Once the exits closed
There's only one way in
Then it's through
