

# For a Minute (White N3rd Remix)

M.O

And when you've only known me for a minute  
I hear you've only known me for a minute  
And when you've only known me for a minute  
I hear you've only known me for a minute At the start you were cool  
Moved too fast if I  
You presumed way too much  
No more games you're out of luck Your compliments they made me smile  
But it's too much all the time  
And all the rings they were nice  
But they're not worth the price Stop, don't be too quick to judge me  
I'm not easy just to take for a ride  
Wine and dine and show me cash  
All I got is that just to please the eye  
You ain't got me, got me, got me, got me  
You won't win are you staying the night  
You ain't got me, got me, got me, got me  
You won't win are you staying the night And when you've only known me for a minute  
I hear you've only known me for a minute  
And when you've only known me for a minute  
I hear you've only known me for a minute Stop!  
Now change it up  
Truth is baby I don't really give a ...  
Now see your chat it winds me up  
And lets be real it's not enough  
I really thought that you could change  
But all along you stayed the same  
So give it up  
Coz I ain't gon' give it up  
So give it up  
Coz I ain't gon' give it up Stop, don't be too quick to judge me  
I'm not easy just to take for a ride  
Wine and dine and show me cash  
All I got is that just to please the eye  
You ain't got me, got me, got me, got me  
You won't win are you staying the night  
You ain't got me, got me, got me, got me  
You won't win are you staying the night And when you've only known me for a minute  
I hear you've only known me for a minute  
And when you've only known me for a minute

I hear you've only known me for a minute Over  
Over and over  
Boy I said it's over  
Over and over So give it up  
Coz I ain't give it up  
So give it up  
Coz I ain't give it up  
So give it up  
Coz I ain't give it up  
So give it up  
Coz I ain't gon' give it up Stop, don't be too quick to judge me  
I'm not easy just to take for a ride  
Wine and dine and show me cash  
All I got is that just to please the eye  
You ain't got me, got me, got me, got me  
You won't win are you staying the night  
You ain't got me, got me, got me, got me  
You won't win are you staying the night (x2)
