

I Wish You Knew

[Mariah Carey](#)

I just wish you knew
How much I still love you I've got to see you wherever you are
And I've got to be there, I'm wishing on stars
I've got to reveal what's inside of my heart But the words escape me and I'm paralyzed
So helpless when I look into your eyes And how I wish you only knew
What I feel inside for you
You probably haven't got a clue
But I wish you knew how I love you, baby Honestly, I know it's silly of me
To want you so badly but keep it concealed
See my inferiority complex kicks in And the words escape me and I'm paralyzed
So helpless when I look into your eyes And how I wish you only knew
What I feel inside for you
You probably haven't got a clue
But I wish you knew how I love you, baby I don't if anybody outside there tonight
Who knows what it feels like to want somebody so bad
That nothing and nobody can ever seem to fill out that void
That is the situation that I'm talking about right now
And if you feel me, sing the song with me, come on And how I wish you only knew
What I feel inside for you
You probably haven't got a clue
But I wish you knew how I love you, baby How I wish you only knew
What I feel inside for you
You probably haven't got a clue
But I wish you knew how I love you, baby I still love you
