

UFO

One Eskimo

I look like a UFO
standing in the rain
and it feels like I'm going down
Am I still the same?
Never gonna be again
Beaten to i'm black and blue
can't get up again
and it feels like I'm going down
going downIf I'm such a super hero
why does it feel like my feet can't leave the ground?
If I was a steam train flying
why would you stand in my way to slow me down
slow me down?The bills are overdue again
I know who's to blame
and I feel like skipping town
slowing down
no no no no no (x2)If I'm such a super hero
why does it feel like my feet can't leave the ground?
If I was a steam train flying
why would you stand in my way to slow me down
slow me down?
