# Slip

## Elliot Moss

I won't keep watching you
Dance around in your smoke
And flicker out
You're not the light I used to know

I don't believe in safety nets
Strung aloft, make it alright to let go
You gotta hold on

Or it's gonna slip, slip, slip though your
Slip, slip, slip through your hands

Or it's gonna slip, slip, slip though your
Slip, slip, slip through your hands

Or it's gonna slip, slip, slip though your
Slip, slip, slip through your hands

What's the matter?
You don't have enough rain
To make up your storm
Ooooh
What you look so sad for?
Where's the light I used to know-oh-oh

Or it's gonna slip, slip, slip though your
Slip, slip, slip through your hands
Whoa-whoa-oh-oh-oh-oh
Or it's gonna slip, slip, slip though your
Slip, slip, slip through your haaaand

Where's that light I used to know
Where's that light I used to know
Where's that light I used to know
Where's the light I used to knoooow-oh?

Slip Slip slip through your hands

Or it's gonna slip, slip, slip though your
Slip, slip, slip through your hands

Whoa-whoa-oh-oh-oh-oh
Or it's gonna slip, slip, slip though your
Slip, slip, slip through your hands
Whoa-whoa-oh-oh-oh-oh
Or it's gonna slip, slip, slip though your
Slip, slip, slip through your hands

Oh oh oh-whoaa
Wwhoa oh oh oh whoa-oh-oh
Whoa whoa oh whoa
Oh oh oh whoa oh ooh whoa
