

Last Night On Earth

Delta Goodrem

It's the last night on earth before the great divide
My hands are shaking time was never on our side
And there's no such thing as a beautiful goodbye
As an ordinary day I prayed for you a thousand times
It's never enough
No matter how many times
I tried to tell to tell you this is love
If tomorrow never comes I want you to know right now that I
I'm gonna love you until the day I die
If tomorrow falls asleep can you hold me first
I'm gonna love you like it's the last night on earth
Like it's the last night on earth
A penny for your thoughts, a picture so it lasts
Let's knock down the walls of immortality
Your fingers on my skin only you can hear my fear
Only you can help me heal, I see forever with you here
It's never enough
No matter how many miles
Stand between us this is love
If tomorrow never comes I want you to know right now that I
I'm gonna love you until the day I die
And if tomorrow falls asleep can you hold me first
I'm gonna love you like it's the last night on earth
It's never enough
No it's never enough
(It's never enough)
Ooh
The afterglow, the horizon line
The shadows fall, will you still be mine?
Will you still be mine?
Will you still be mine, I ask?
If tomorrow never comes I want you to know right now that I
I'm gonna love you until the day I die
If tomorrow falls asleep can you hold me first
I'm gonna love you like it's the last night on earth
(I'm gonna love you like)
Like it's the last night on earth
(I'm gonna love you like)
It's the last night on earth
It's never enough
(I'm gonna love you like)
It's never enough
(I'm gonna love you like)
Like it's the last night on earth
