

Inside (feat. Bobby Kimball)

Glenn Hughes

I don't want to keep ya
But I just want to say
I paint the Mona Lisa
I'm gonna break away I gotta keep my life a simple thing
I feel inside
I just want to live this way
I feel inside
I just want to live today Why did I have to walk away when I was seventeen?
And now it all comes back to me
Cause I know where I've been I gotta keep my life a simple thing
I feel inside
I just want to live this way
I feel inside
I just want to live today
I feel inside
