C-lebrity

Queen

Ain?t got no hope Got no idea What to do Or why I?m here Wanna get my face On your TV I wanna be heard I want to be seen Ain?t got nothin? No Nothing Nothin? to show Make me a c-lebrity I want to be A face on TV (I wanna be on your screen) Then you can see I?m a c-lebrity I wanna get my features In magazines See this creature on every street On every screen Write my life story Before I?m twenty one I got to tell the world They may say I?m dumb but er Ain?t got nothin? No Nothing Nothing to show

Make me a c-lebrity I want to be A face on TV (I wanna be on your screen) Then you can see I?m a c-lebrity I wanna be a star In a Broadway musical

They?re gonna love me I can?t sing or dance at all Some may say I?m lackadaisical And if I was real good I?d stand no chance at all I want to be A face on TV (Yeah I wanna be on your screen) Then you can see I?m a c-lebrity Then you can say You knew me one day Then you will see I?m a c-lebrity C c-lebrity Wanna be a c c c-lebrity Make my dream come true C c-lebrity Wanna be a c c c c-lebrity I wanna be heard I want to be seen On every TV screen
