

# Love Song (feat. Roach Killa & Deep Jandu)

## King

Not far, not far from here  
You'll say, "You're safe, my dear"  
Where mountains run into shores  
Love song, goes on so pure  
Not far, not far from here  
I'll wait for you, my dear  
And we'll dance, who cares what we dance for?  
Love song, just ours, mine and yours  
Boulevards and avenues  
Make our way to someplace new  
By riverboat on the bayou  
On my way to rescue you  
By boulevards or avenues  
We'll make our way to someplace new  
On my way to rescue you  
Not far, not far from here  
I'll wait for you, my dear
