

Closure (Remixed)

Opeth

Heal myself, a feather on my heart
Look inside, there never was a start
Peel myself, dispose of severed skin
All subsides, around me and within There's nothing painful in this
There's no upheaval
Redemption for my pathos
All sins undone Awaiting word on what's to come
In helpless prayers a hope lives on
As I've come clean I've forgotten what I promised
In the rays of the sun I am longing for the darkness
