

# Time Changes Everything

Bob Wills

There was a time when I thought of no other and we sang our own love's refrain

Our hearts beat as one and we had our fun but time changes everything

When you left me my poor heart was broken our romance it seemed all in vain

The dark clouds're gone and there's blue skies again

'Cause time changes everything Time has passed I've forgot you mother nature does wonderful things

I guess that it's true for me and for you 'cause time changes everything

You change the name of an old song rearrange it and make it a swing

I thought nothing could stop me from loving you but time changes everything

Good luck to you may God bless you I can't say I won't love again

But you go your way and now I'll go mine cause time changes everything
