

# In My Head

## No Doubt

Advisory - the following lyrics contain explicit language:

I try to think about rainbows  
When it gets bad  
You got to think about something  
To keep from going mad I try to think about big fat roses  
When the ship starts going down  
But my head is wicked jealous  
Don't want to talk about it right now Long distance, don't talk about  
Ex-girlfriends, don't talk about  
You without me, don't talk about the past In my head, it's only in my head  
(Only in my head)  
In my head, it's only in my head  
(Only in my head) There's just something about you  
That gets me in a twist  
And sometimes I think that cupid  
Is just taking the piss It only takes one word or idea  
To send me in real deep  
So if you think you're clever  
Use the right words when you talk to me Long distance, don't talk about  
Ex-girlfriends, don't talk about  
You without me, don't talk about the past In my head, it's only in my head  
(Only in my head)  
In my head, it's only in my head  
(Only in my head) In my head, it's only in my head  
(Only in my head)  
In my head, it's only in my head  
(Only in my head) I, I, I really think I have a problem  
I really can't control myself  
Why do I get so suspicious?  
Do you want someone else? 'Cause everybody wants everybody else  
And everybody wants everybody else  
Everybody wants everybody else  
Oh everybody wants everybody else Only in my head, it's only in my head In my head, it's only in my head

(Only in my head)  
In my head, it's only in my head  
(Only in my head)Long distance, don't talk about  
Ex-girlfriends, don't talk about  
You without me, don't talk about the pastLet's talk about the future  
And lets talk about the wedding  
Let's talk about Gwen Stefani  
And lets talk about how much you like me and all that
