

# Sista Sista (Curtis And Moore Dub)

[Beverley Knight](#)

Ooh, oh sista, sista sista  
Sitting alone with her head full of empty thoughts  
Playing with time that she just doesn't have  
Dreaming that life is a stranger that brings you flowers  
Praying the dream is as real as she feels it is Dreams give you anything  
Knowing that chance could bring you to the other side  
Wanting her future there, feeling that love affaire  
With the other side[Chorus]  
Sista sista, better run, better fly  
Better weather on the other side  
Sista sista, stand up tall, don't you ever fall  
Sista sista, can't you hear my call? Over the bridge turning right at the stop sign  
Lives a woman who thinks as you do  
Watching the world through the glair of a tv-screen  
Wondering what's round the corner for you I would give anything, hoping that chance could bring me  
To the other side  
Soon as my thoughts are clear, one day I'll see you there  
On the other side[Chorus] Ooh, calling, calling  
Sista sista sista sista sista  
My sista[Chorus until fade]
