

# Going Places...

David Lee Roth

I got lucky boots  
And they take me places  
I'm on the scene route  
Honey, how about you? Gonna drive on in  
Gonna drive on through  
Gonna drive on by  
Gonna wave at you  
Gotta car that's cool Just a little bit of room  
Just enough for you...  
Well, hey boom town  
I'm bound for dixie  
I'm a broadway bullet Gonna drive on by  
My defiant dame  
Blink and you miss me  
Yeah we're goin' places  
Honey, hang on tight Gotta car that's cool  
With just a bit of room  
Just enough for you So why do ya think your life is boring?  
You'll be a grandma under 40  
So why do ya sit and stay at home and  
Why don't ya get your motor goin'  
I can hear dem po' boys tappin'...
