

I Heart

Ian Guerin

Forever is so little time when it comes to seeing my one

Hate it when we say goodbye

Tomorrow's such a damn long time

To kiss you again to hold your hand

To go together walking life

To love and laugh to kiss good night

So amma wish this one a star

Feet on the dancefloor

Thoughts in the air

Clap to the music

Kiss on my girl

Make this night last for the rest of my life

And if you feel the lovin' clap your hands say I heart

Say I heart (I heart)

Say I heart (I heart)

Say I heart (I heart)

Say I heart (I heart)

Say

Say I love my lover for the rest of my life

I heart (I heart)

Say I heart

I've said it once I'll say it twice

Can't go without you by my side

I won't spare another chance

Today's the day to make it right

Won't mess again be the best man

I can't wait for Friday night

To make it last for all the time

Cause I want you in my life

Feet on the dancefloor

Thoughts in the air

Clap to the music

Kiss on my girl

Make this night last for the rest of my life

And if you feel the lovin' clap your hands say I heart

Say I heart (I heart)
Say I heart (I heart)
Say I heart (I heart)
Say I heart (I heart)
Say
Say I love my lover for the rest of my life
I heart (I heart)
Say I heart

Say I heart (I heart)
Say I heart (I heart)
Say I heart (I heart)
Say I heart (I heart)
Say
Say I love my lover for the rest of my life
I heart (I heart)
Say I heart

And this is the moment to show her Iâ€™m there
We got a love story that feels in the air

Say I heart (I heart)
Say I heart (I heart)
Say I heart (I heart)
Say I heart (I heart)
Say
Say I love my lover for the rest of my life
I heart (I heart)
Say I heart

Say I heart (I heart)
Say I heart (I heart)
Say I heart (I heart)
Say I heart (I heart)
Say
Say I love my lover for the rest of my life
I heart (I heart)
Say I heart
