

# 50 Ways

## Sons of Sylvia

She left me in the middle of the night  
In the middle of a fight  
She left me in the middle of the night  
In the middle of a fightShe left me in the middle of the road  
In the middle of the road  
She left me in the middle of the night  
In the middle of a fightBaby, coulda gave me a kiss  
Coulda waited on the sun  
Baby, coulda gave me a kiss  
Coulda waited on the sunYou know you coulda shed a few tears  
Coulda shed a few tears  
Baby, coulda gave me a kiss  
Coulda waited on the sun50 ways to say goodbye  
And you never even tried  
Coulda gave a reason why  
50 ways, ways, ways to say goodbyeCoulda left a letter  
But you never left a letter on the mirror  
Coulda left a letter  
But you never left a letter on the mirrorCoulda said you're sorry  
Coulda said that, baby  
Coulda left a letter  
But you never left a letter on the mirror, no50 ways to say goodbye  
And you never even tried  
Coulda gave a reason why  
50 ways, ways, ways to say goodbyeNo, you never, never  
Baby, never ever tried to even tell me a lie  
Coulda cried and said you'll miss me  
50 ways, hey baby, say goodbyeShe left me in the middle of the night  
In the middle of a fight  
She left me in the middle of the night  
In the middle of a fightShe left me in the middle of the road  
In the middle of the road  
She left me in the middle of the night  
In the middle of a fight50 ways to say goodbye  
And you never even tried  
Coulda gave a reason why  
50 ways, ways, ways to say50 ways to say goodbye  
Girl, you never even tried  
Coulda gave a reason why

50 ways, ways, ways to say goodbyeTo say goodbye, to say goodbye  
Goodbye, goodbye, goodbye  
50 ways, ways, ways to say goodbye
