

# Hot Shot Baby

## Maxine

When I saw you there I had so much to say  
I couldn't talk I couldn't even say the words that came to me  
But I gave it a try  
You're the one that's gonna see me through  
I got that feeling when I first laid eyes on you  
It's all so clear I found the reason why You have a special place  
Deep within my heart  
You're the one  
When you came into my life  
I could not believe it  
But your my love As time goes by I think of all the ways  
I wanna show you that I really need you babe  
I wanna keep you by my side and give you all my trust  
Everyday and when I close my eyes  
I think of you and my heart is so surprised  
That you really want me and you wanna stay You have a special place  
Deep within my heart  
You're the one  
When you came into my life  
I could not believe it  
But your my love I think its happening fast  
And I know that your my hotshot baby  
I think its happening fast You have a special place  
Deep within my heart  
You're the one  
When you came into my life  
I could not believe it  
But your my love
