They Are Waiting To Take Us

Dimension Zero

Awake, the whole world hates me
Awake, the whole world denies me
Morning captures me totally unaware
I'm off the edge today, am I not
I'm off the world today, am I not
Night grabs me totally awareNo one has brought me here
I have not been gone so long
No one will take me there, I haven't got no choice
Who's digging the ground in the depths
Who's digging my holes to beMorning, alright is it not
Night for the living, am I here
In between where can it be now
What do you get from this light
All time, no where, anywhere, no
Who are you really, where do you hideBEHOLD, I AM ALIVE ETERNALLY
THEY ARE WAITING TO TAKE US
TAKE US INTO THE GARDEN OF DEPTHS
BEHOLD, I AM DEAD FOREVERwhy?BEHOLD, I AM ALIVE ETERNALLY
THEY ARE WAITING TO TAKE US
TAKE US INTO THE GARDEN OF DEPTHS
BEHOLD, I AM DEAD FOREVERTHEY ARE WAITING TO TAKE US!
