

Marshmallow

Orange Sherbet and Hot Buttered Rum

Marshmallow

Chorus - Marshmallow, marshmallow. Oh, how I love to eat marshmallows.

Fluffy and white on a fire so nice, oh how I love to eat marshmallows.

Verse 1- First I find a perfect stick, one that won't break and one not too bent.

A forked twig is fine to do two at a time, it's fine to roast marshmallows.

Verse 2 " I poke the marshmallow with my stick and I put it in the fire quick.

I turn it around till it's all golden brown. I can't wait to eat my marshmallow.

Verse 3 " I put the marshmallow in my mouth and I pull on the stick and it slides

right out

When roasted just right, I could eat them all night. Pass me another marshmallow.
