Enemy

[Newsboys](#)

Used to think You didn't care
I, was just a pawn in the game You were playin'
Puttin' walls up everywhere
Never thought You heard a word I was prayin'I stood in the way
When I needed to run to You
But I was too proud to sayTake away the blindness
Lead me through the dark
Don't let me fall apart
Save me from my bitterness
Show me who I am
Make me who You want me to be
I know I pushed You away
Lookin' for someone to blame, yeah
Now I can see, I've been my own worst enemyWho was I to sit and judge?
Always pointing my crooked finger
Holding tight onto a grudge
All along I was a chief of sinnersI stood in the way
When I needed to run to You
Lord, I was too proud to sayTake away the blindness
Lead me through the dark
Don't let me fall apart
Save me from my bitterness
Show me who I am
Make me who You want me to be
I know I pushed You away
Lookin' for someone to blame, yeah
Now I can see, I've been my own worst enemyNo You never gave up on me!
No You never gave up on me!
No You never gave up on me!Take away the blindness
Lead me through the dark
Don't let me fall apart
Save me from my bitterness
Show me who I am
Make me who You want me to be
I know I pushed You away
Lookin' for someone to blame, yeah
Now I can see, I've been my own worst enemy
Oh oh!
Now I can see, I've been my own worst enemy

Oh, oh!
Now I can see, I've been my own worst enemyNo You never gave up on me!
No You never gave up on me!
No You never gave up on me!
