

# The Power

Fryars

(feat. Dizzee Rascal)

You go minute after minute  
You go hour after hour  
We canâ€™t get this party started  
Until we have got the power

You go minute after minute  
You go hour after hour  
We canâ€™t get this party started  
Until we have got the power

You go minute after minute  
You go hour after hour  
We canâ€™t get this party started  
Until we have got the power

You go minute after minute  
You go hour after hour  
We canâ€™t get this party started  
Until we have got the power

I wanna party â€™til my last breath  
â€™Til there ainâ€™t no air in my lungs left  
I wanna party to death, in the club â€™til Iâ€™m old  
Like Hugh Heff, switching other girls like â€œwhoâ€™s next?â€•

Yeah, we got a ride, switch it up like brunette  
Look at Michelle, Kerrie-Ann and Juliette  
Do I get involved? Yeah I bust a lilâ€™ 2-step, you bet  
Iâ€™m just gettinâ€™ started, I ainâ€™t through yet

Iâ€™m looking for a girl with a body like an hour glass  
She can shake her body on my body while I tap her  
She ainâ€™t gotta be a high class, just a nice arse  
I just wanna see her rock her hips around the beat fast

Now I need a top up, gimme something for my beer glass  
I donâ€™t give a rasâ€™, anything to make the night last  
Now Iâ€™m feeling high on my rocket, ainâ€™t no stopping when I fly past

Money in my pocket, you ainâ€™t gotta ask

How we feeling

Oh ahh yeah

Now everybody put your hands in the air

Clap those hands and sing it with me

You go minute after minute

You go hour after hour

We canâ€™t get this party started

Until we have got the power

You go minute after minute

You go hour after hour

We canâ€™t get this party started

Until we have got the power

You go minute after minute

You go hour after hour

We canâ€™t get this party started

Until we have got the power

You go minute after minute

You go hour after hour

We canâ€™t get this party started

Until we have got the power

Letâ€™s get it

Girls on the right, fellas on the left

Party â€™til your death, party â€™til your last breath

Finger in the air if you couldnâ€™t care less

Weâ€™re gonna party all night, we donâ€™t want no rest

Girls on the right, fellas on the left

Party â€™til your death, party â€™til your last breath

Finger in the air if you couldnâ€™t care less

Weâ€™re gonna party all night, and everythingâ€™ll be Fresh

We canâ€™t get this party started

You go minute after minute

You go hour after hour

We canâ€™t get this party started

Until we have got the power

You go minute after minute

You go hour after hour  
We canâ€™t get this party started  
Until we have got the power
