

# What Are You Waiting For

Natalie Grant

Sometimes I get that overwhelmin' feelin'  
So sad the faces on TV  
If I try to make a difference, would it help anyway?  
But then I stop and to myself, I say So you wanna change the world  
What are you waiting for?  
Say, you're gonna start right now  
What are you waiting for? Now, it only takes one voice  
So come on now and shout it out  
Give a little more  
What are you waiting for? Sometimes I feel a little helpless  
Seems like I can't do a thing  
But anything is possible just you wait and see  
Good things happen if you just believe So you wanna change the world  
What are you waiting for?  
Say, you're gonna start right now  
What are you waiting for? It only takes one voice  
So come on now and shout it out  
Give a little more  
What are you waiting for? Someday, somehow you're gonna take that step  
'Cause time is ticking away  
Right here, right now, before it's too late  
Gonna face tomorrow today, yeah, yeah, alright yeah, oh yeah So you wanna change the world  
What are you waiting for?  
Say, you're gonna start right now  
What are you waiting for? It only takes one voice  
So come on now and shout it out  
Give a little more  
What are you waiting for? So you wanna change the world  
What are you waiting for?  
Say, you're gonna start right now  
What are you waiting for? It only takes one voice  
So come on now and shout it out  
Give a little more  
What are you waiting for? Ooh, yeah, what are you waiting for?  
What are you waiting, what are you waiting  
What are you waiting for?
