

# It's a Man's World

## Grateful Dead

This is a man's world, this is a man's world

But it wouldn't be nothing without a woman or a girl You know, man made a car to take us over the road

Man made the train to carry heavy loads

Man made electric lights to take us out of the dark

Man made a boat for the water just like Noah made the ark Think about a little baby girl and a little baby boy

Man makes them happy 'cause man makes them toys

And after man has made everything, everything in the world he can

Man makes money to buy some other man
