Golden

Brett

I wanna learn to live unshattered
And I heard you're gonna get exactly what you give
I wanna give it all away, yeah
Just wanna give it all awayI wanna come alive
But everything is drenched in black and white
It makes me wanna shout
C'mon and run with me tonight...Fall into the feeling, I don't know where to start
We can share all through the night
Just like a dream in the darkBurning down the street without a hope or a care
It doesn't matter where we're going
Just as long as you're thereHey, do you wanna get high?I close my eyes to sleep
But how the hell am I supposed to sleep?
C'mon and ride the beat with me, yeah
C'mon and ride the beat with meWe wear it on our sleeve
And all the waves are washing over me
Oh I just wanna dance
C'mon and dance with me tonight...Fall into the feeling, I don't know where to start
We can share all through the night
Just like a dream in the darkBurning down the street without a hope or a care
It doesn't matter where we're going
Just as long as you're thereHey, do you wanna get high?
