

Meet The Wretched

DevilDriver

Meet the wretched
It's calling, calling So, you're bored and you're sitting
Your soul is fitting
Let's go to town and
Meet the wretched
I hear, they say, night time is calling
The sky is falling
Let's go to town and meet the wretched
Every
Time we go to town we're taking what they're giving
Let's go downtown and take a drink, we're taking shit from no one To
Fight to win to gain ground, gain ground
To kick up dust and gain ground, gain ground
To fight to win to gain ground, gain
Ground
Come and meet the
Come and meet the wretched tonight So you're bored, of home you tire
Then let's see
Inspire
Let's go downtown and meet the wretched
See, I told you, it's what we desire
All Hell fire
Let's go downtown and meet the
Wretched
Every time we go to town we're taking what they're giving
Let's go downtown and take a drink, we're taking shit from
No one To fight to win to gain ground, gain ground
To kick up dust and gain ground, gain ground
To fight to win to gain
Ground, gain ground
Come and meet the
Come and meet the wretched tonight Sell our souls for a good time tonight
We're
Here to drink, we're here to fight
We'll set our wicked nature free
We'll fuck the moon and mourn the stars tonight
Mourn
The stars tonight
We'll get so high we'll commune with the beast

We'll go so big there'll be nothing left of us
For the
MourningGo and meet the wretched
Go and meet the wretched
Wretched, wretchedIt's in the air, we may die tonightI'm living my life fast and free
It's in the air, we may die tonight
So tonight it's fast as fuckGo and meet the
Wretched
Go and meet the wretched
Wretched, wretchedFastAs fuck
The wretched
