Genevieve

Lucius

Oh they had a field day
Oh they had a, oh they had a field day
Oh they had a field day, didn't they?Oh they had a field day
Oh they had a, oh they had a field day
Oh they had a field day, didn't they, wouldn't they?And all you had to do was shut your mouth
Genevieve, Genevieve
Could it have been something you said?
We were only kids then
I have not forgotten what you did
It's just as clear as if it were yesterday, yesterdayI haven't rose above this
With what you did it's fair to hold a grudge
It's now my turn to call you out Genevieve, and they will seeThat all you had to do was shut your mouth
Genevieve, Genevieve
Could it have been something you said?You could say you didn't know what everybody knows
You could say that no one told you
So be the one who tells it rightIt's nothing new, what you put in is what you get
Don't act surprised, we all know that so don't forget it
Makes no difference now, it's true, darling I'm through with you
Genevieve, Genevieve
Could it have been something you said?
Genevieve, Genevieve
Could it have been something you said?Something you said, something you said?
