Dear Someone

Walker Lukens

Dear, dear someone
Please put up a fight
Dear, dear someone
Please do it tonight

Oh, I walk these streets
From places I know
To rooms so dark and cold
And life takes me by the scruff of my neck
Says get it before you grow old

And it's me versus the clock
And the clock versus the joke
And I'm leaning into your ear
It's me versus the drink
Oh, the drink in my gut
And we're falling out of our chair

Dear, dear someone
Please put up a fight
Dear, dear someone
Please do it tonight

Oh, I walk these streets
Been up and alone
With nowhere really to go
Under streetlamps
And between shadows
Stray dogs, empty road

And life, it lies in the sand
Only crossover then
Turn it over, record is broke
Turn it over, record is broke
Turn it over, record is broke
Ohhhh
