

David Tennant

Yo son, whatcha think about those Peas, though?  
 Yo, yo, I don't know, them dudes just be on stage, dancin' and stuff  
 They on some old Las Vegas bullshit, they move too much, man  
 I can't take them fools seriously  
 I mean, they ain't talk about no 6-4, no Impalas  
 They ain't shootin' nobody  
 (Shootin' nobody)  
 They ain't talkin' about clothes  
 You know, what I'm saying?  
 Yo, my man, I got a plan to do it all  
 (What kind of plan you got?)  
 I got a plan that none of y'all ever talked about  
 'Cause underground niggas don't be thinking  
 I'm going kinda [unverified] nino [unverified] like Lincoln  
 How can you make moves when you're always strapped under?  
 I plan to read the scriptures, tell you more about the thunder  
 I wonder what really makes the world go round  
 Not thugs, 'cause thugs go 'round the brain of a brother's down  
 You be in it for a quick blink but when you start to sink  
 You be deeper than you was when you should've stop to think  
 About your consequence, your actions don't make lots of sense  
 Brothers use the wicked life 'cause of lack of confidence  
 The devil jacked you for your sense now, you can't pay your rent  
 And that's no accident, you let us slip so we win  
 The rest of your development, you should've took time to prevent  
 The [unverified] of your monument  
 Now ya, wash up and a nobody  
 No one blame but your body  
 You livin' life, had thick and uneasy  
 You chose to be involved with no deals and crisis  
 In a hole 'cause of lust and greed  
 Your mind held captive and unable to exceed  
 Come out and follow the Peas, we give you what you need  
 We proceed to give you, what  
 (What, what)  
 A, a, a, a, a, a, a, a  
 We givin' you what you want  
 (We give you what you want)  
 (We give you what you want)

(We give you what you want)  
And you proceed  
On fienin' on what you need  
(We give you what you need)  
(We give you what you need)  
(We give you what you need)  
Yo, everybody's goal is to win  
But others getting caught up within the line of committing sins  
And everybody seems to wanna rule  
It's so ridicule we gotta find the right cure  
We approach to penetrate equivalent and strong  
To wash out individual with evil forms  
Conquering battles in these fields of greed

Dark faces all around me makes it hard for me to see  
Who's got my back and who will back stab  
I'm ready for foes and hoes who tries to grab  
My currency, if I ain't got none  
The [unverified] crip to runs to the ones who got some  
The war billows to those who makes action  
The main caption is to bring satisfaction  
If you like that contend you see  
How you suppose to call yourself a real MC  
So what's the definition of a true MC  
(Someone who rocks swell and put my soul at ease)  
Lyrics went entertaining capability  
(Now that's the realest, see, all around 360 degrees)  
I'm givin' you what you want, want  
I'm givin' you what you want  
Na na na, na na na na, na na na, na na na  
I'm givin' you what you want, want  
Na na na, na na na na, hmm, hmm, hmm, hmm  
A, a, a, a, a, a, a, a  
We givin' you what you want  
(We give you what you want)  
(We give you what you want)  
(We give you what you want)  
And you proceed  
On fienin' on what you need  
(We give you what you need)  
(We give you what you need)  
(We give you what you need)

Hey, witness grief through startin' material  
You are blinded by lights, had an ego ratio  
God bless you with the gift of only show

Business but you a careless professional  
Is where your failing will show  
Over indos and end only cash flows  
Makin' it big but yet, you never know  
You will pay in your dues bringin' on sorrow  
Here today, easily gone tomorrow  
Feel the pain and I never borrow  
From another man, instead I'm making grand  
Watch the Peas as we make a stand

A, a, a, a, a, a, a, a

We givin' you what you want  
(We give you what you want)  
(We give you what you want)  
(We give you what you want)

And you proceed

On fienin' on what you need  
(We give you what you need)  
(We give you what you need)  
(We give you what you need)
