Turntable

Grace Potter & The Nocturnals

I fell in love with a beautiful sound
Turn it up and watch it spin around
A little bit lo-fi, that's alright
I want you to play me like a record tonightBaby, turn me, turn me round
Just don't turn me down
Yeah(Chorus)
'Cause I will be your record
And you will be my turntable
I'm your amplifier
And your my RCA cable
Jump up, down, up, down,
Down, down, baby up
One kiss and I'm disabled
I will be your record
And you will be my turntableNow --- baby move on by
Shut your mouth and
Put your hands on my high thigh
Put your needle in my groove
Now watch the way you make me moveYou got to
Turn me, turn me round
Just don't turn me down
Yeah(Chorus)
'Cause I will be your record
And you will be my turntable
I'm your amplifier
And your my RCA cable
Jump up, down, up, down,
Down, down, baby up
One kiss and I'm disabled
I will be your record
And you will be my turntableTurn me, turn me round
Just don't turn me down(Chorus)
I will be your record
And you will be my turntable
I'm your amplifier
And your my RCA cable
Jump up, down, up, down,
Down, down, baby up
One kiss and I'm disabled

I will be your record
And you will be my turntableYeah
