

# Never Enough

## One Direction

[Verse 1: Liam]

Wanna pull an all nighter  
And get into something we'll never forget  
Wanna stay up and party  
The weekend away and not know when to quit  
Wanna drive in the night to the end of the end  
And go over the edge  
Wanna wake up with you  
And say baby let's do it all over again[Pre-Chorus: Niall]  
Lips so good I forget my name  
I swear I could give you everything[Chorus: Harry]  
I don't need my love  
You can take it, you can take it, take it  
I don't need my heart  
You can break it, you can break it, break it  
I just can't get too much of you, baby  
It's never, it's never enough, never enough  
It's never enough, never enough

Come on

Come on[Verse 2: Niall]

Wanna pull an all nighter  
And get into something we'll never forget  
Wanna stay up and party  
The weekend away and not know when to quit  
Wanna drive in the night to the end of the end  
And go over the edge  
Wanna wake up with you  
And say baby let's do it all over again[Pre-Chorus: Louis]  
Lips so good I forget my name  
I swear I could give you everything[Chorus: Harry]  
I don't need my love  
You can take it, you can take it, take it  
I don't need my heart  
You can break it, you can break it, break it  
I just can't get too much of you, baby  
It's never, it's never enough, never enough  
It's never enough, never enough

Come on

Come on

Come on  
Come on  
Come on[Bridge: Liam]  
Too much is never enough  
Too much is never enough  
Too much is never enough  
Too much  
Too much is never enough  
Too much is never enough  
Too much is never enough  
Too much is never enough  
Never enough, never enough  
Never enough, never enough[Chorus: Harry]  
I don't need my love  
You can take it, you can take it, take it  
I don't need my heart  
You can break it, you can break it, break it  
I just can't get too much of you, baby  
It's never, it's never enough, never enough  
It's never enough, never enough  
I don't need my love  
You can take it, you can take it, take it  
I don't need my heart  
You can break it, you can break it, break it  
I just can't get too much of you, baby  
It's never, it's never enough, never enough  
It's never enough, never enough  
Come on  
Come on  
Come on  
Come on
