

Here She Comes Now

Galaxie 500

Now, if she ever comes now, now
If she ever comes now, now
If she ever comes now, nowNow, if she ever comes now, now
If she ever comes now, now
If she ever comes now, nowOh, she looks so good
And oh, she's made out of wood
Just look and seeShe's made out of wood
Just look and see now, now, nowNow, if she ever comes now, now
If she ever comes now, now
If she ever comes now, nowNow, if she ever comes now, now
If she ever comes now, now
If she ever comes now, nowOh, she looks so good
And oh, she's made out of wood
Just look and seeShe's made out of wood
Just look and see now, now, nowNow, if she ever comes now, now
If she ever comes now, now
If she ever comes now, nowNow, if she ever comes now, now
If she ever comes now, now
If she ever comes now, nowOh, she looks so good
And oh, she's made out of wood
Just look and see
