

# Are We Closer

## Dead Letter Circus

Figured it out I'm the one who decides  
I am the reason for I choose the day  
Took so long just to get my head around  
Forgetting now in tomorrow's new child

Lost in the focus of a moment passed The new lost I can't get my head around

Now I get my head around Tell me a reason why  
Yeah I wanna know your name now  
Tell me if we survive  
I wanna know your name now  
For piece of mind  
Are we closer?

Figured it out I'm the one who defines  
I hold the reason for I choose the day  
Took so long just to get my head around  
Forgetting now in tomorrow's new child

Caught in a focus will the moment pass The new lost I can't get my head around

Now I get my head around Tell me a reason why  
Yeah I wanna know your name now  
Tell me if we survive  
I wanna know your name now  
For piece of mind

I wanna know your hope is there to see  
Well the decision is mine  
Therefore the issue is mine  
And the intention is mine  
Step back

(love. you hold me back now . love you hold me back you hold me maybe  
... love you hold me back as you hold me)

Well the decision is mine  
Because the issue is mine  
Every intention is mine  
And the ascension mine

And the initiative mine I won't stop believing till the day that I stop feeling it and lay down worn defeated and  
take no more I'm breathing here so...Really I don't mind

I won't lay Tell me a reason why  
Yeah I wanna know your name now  
Tell me if we survive  
I wanna know your name now  
And for piece of mind

I wanna know your hope is there  
...say itAre we closer now?
