

Black & Blue

Miike Snow

How long has it been, shall we get into it again?
Excuse our disgrace, we've had no time to paint the place
The dog is always barking at the mailman I won't waste your time with my revelation
Hello my friend, I see you're back again
Hello mystery, don't bother to explain
How 'bout maybe it's all been in my head
Hey world, I'm tired of this black & blue, black & blue My dear, come again, your voice is fading out and in
Out of the laundry bin, I found my innocence again
The dog is always barking at the mail man I won't waste your time with my revelation
Hello my friend, I see you're back again
Hello mystery, don't bother to explain
How 'bout maybe it's all been in my head
Hey world, I'm tired of this black & blue, black & blue Hello my friend, I see you're back again
Hello mystery, don't bother to explain
How 'bout maybe it's all been in my head
Hey world, I'm tired of this black & blue, black & blue
