

# Satan's Curse

## Possessed

Music : MT Lyrics : MT  
Hell evil satan's curse  
From the sky I fall  
Metal burns my fucking brain  
Satan took the fall  
Deceased men from hell and hatred  
Pollution to mankind  
Antichrist My son from hell  
I will make you mine  
You'll die, There's No time to run from hell  
You lied, The witch has cast her spell  
Your sins will be paid for and sacrificed  
This is the price  
Satan's Curse  
Sin hate Eternal Death  
Decayed My flesh I rot  
Running below satan's home  
Lord of hell he's not  
Lust for evil son of hell  
Beneath the smoke I rise  
Flames torch my body  
A sinner's Solar eyes  
Sacrifice Your soul Will be doomed  
Your Evil friends who have decieved you  
Satan's Curse enters your soul  
Beneath you'll burn  
Satan's Curse  
Sky fades to black  
As the heavens diminish  
Evil takes over  
The World is finished
