

# Jump (feat. Travis Scott)

## French Montana

Aye, Trav  
This one for the wave culture (woo!)  
So prolific, yeah  
If they talking 'bout ballin'  
We jumping out the gym, baby!  
Yeah, yeah, yeah, yeah  
Yeah, yeah  
Yeah, yeah  
Yeah, yeah  
Yeah, yeah  
Yeah  
Skrrt, skrrt, skrrt  
I jump all day, (straight up) yeah  
I jump all day  
I jump all day, yeah  
I drop my top when we outside (skrrt)  
Once I go live, we all go live  
Jump, jump, jump all day (straight up)  
I jump all day, I jump all day (yeah, yeah, yeah)  
I drop my top, I go outside  
Once I'm live we all go live (it's lit)  
Jump, jump, jump, all day  
Foreign cars ain't rented  
Drop tops, jump in it  
Hit it, top down  
Gang with me  
Throwing up five cities  
Trapping through the boost phone, buying those minutes  
Me and Trav in that four, running through limits  
Fucking with your boy, man sky ain't the limit  
Now Sky-Dweller OG five with the chemist, ah  
I've been tweakin' off the pills stick and some 'Yac  
When I ride through that motherfucker (swoop)  
Once some good niggas slipping to these hating ass niggas  
I ain't playin' I just (gunshot), graah  
Pull up to the rock  
Grab that Filipina, look up at my Opp  
Whip hot, got ice in my hand  
Me and Trav jump out

We ain't gonna drop the top off, damn  
Yeah! I jump all day  
I jump all day, yeah  
I drop my top when we outside (drop top), yeah  
Once I go live, we all go live  
Jump, jump, jump all day (straight up)  
I jump all day, I jump all day (yeah, yeah, yeah)  
I drop my top, I go outside (straight up)  
Once I'm live we all go live (it's lit)  
Jump, jump, jump all day I'd rather go fight off the devil  
Spend another night in this hell  
Ass and titties by the several  
Bout to take it up another level  
Bout to jump out on the tropics  
With my dick out, everybody watching  
Running and they ain't 'gon stop me  
Only way I solve all my problems  
Bout to go drive my Diablo  
Grab the stick and wheel with my eyes closed  
All up in yo phone  
Fucking on my model  
On the narcos, feel like Pablo  
Got my first chain, was rose golden  
White bitches on me like I'm Kobe  
Turn my jewelry to my trainer  
Tell 'em "ice me," 'cause I'm swollen I jump all day, yeah  
I jump all day  
I jump all day, (skrrt) yeah  
I drop my top when we outside (drop top), yeah  
Once I go live we all go live  
Jump, jump, jump all day (straight up)  
I jump all day, I jump all day (yeah, yeah, yeah)  
I drop my top, I go outside  
Once I'm live we all go live (it's lit)  
Jump, jump, jump, all day
