So Strong (Steppers Mix)

Jonathan Butler

Excuse me, miss, can I have
Just one dance with you?
Must admit I was hooked
The moment I saw youCandle light atmosphere
Music in the air
Your perfume fills the room
I'm lovin' the clothes you wearDouble-dare you to take
Take a chance tonight
Don't resist, I can feel
That the time is rightSo strong
So strong
Your love is so strong
Baby, so strongYour love is so strong
So strong
Your groove is so strong
Baby, so strongTell me this, like to know
Is there someone else?
Did you come with your girls
Or are you by yourself?If you'd like to be friends
I'd like to take you out
Maybe then we can see
What this is all aboutSo strong
So strong
Your love is so strong
Baby, so strongYour love is so strong
So strong
Your groove is so strong
Baby, so strongSo strong
So strong
Your love is so strong
Baby, so strongYour love is so strong
So strong
Your groove is so strong
Baby, so strongSo strong
So strong
Your love is so strong
Baby, so strongYour love is so strong
So strong
Your groove is so strong

Baby, so strongSo strong
So strong
Your love is so strong
