

Freal Luv (feat. Chanyeol & Tinashe)

Far East Movement

[Intro: Tinashe]

Freal luv

Freal luv

Freal luv

Freal luv[Verse 1: Tinashe]

Know no limits to feel the truth

When the world stops spinning

I'll know it's you

Searching all night, like a spotlight

For the one to show

Could it be you? Could it be me?

Only way to know

Freal luv[Chorus: Tinashe]

I'm all yours, when you really wanna take me there

Don't let me go nowhere

I'd give it all up for you, I swear

Only for real love

That love that keeps me shaking

So real, there's no mistaking

I'd give it all up for you, I swear

Only for real love[Verse 2: Far East Movement]

Lovin that real love, something you feel love

Turning me back to the old me

Ride for my realla, I die for my realla

I give you respect like the OGs

Lockin' me down like the police

We ain't never be lonely

Protectin' my love like a goalie

You'll be the only one next to me right with the homies

We got that empire mind

Combine n' steadily rise (that be freal)

Moment of truth of has arrived

Trust that forever you ride (that be freal)

You be the bank on my side

You supervise, let's make a deal

Let's get it sealed, let's make it trill

Let's rule the world, together freal[Pre-Chorus: Tinashe & Far East Movement]

Freal luv (give me that, real luv, that real love, that chill love)

Freal luv

Freal luv (give me that, real luv, that real love, that chill love)

Freal luv [Chorus: Tinashe]

I'm all yours, when you really wanna take me there

Don't let me go nowhere

I'd give it all up for you, I swear

Only for real love

I'm all yours, when you really wanna take me there

Don't let me go nowhere

I'd give it all up for you, I swear

Only for real love

That love that keeps me shaking

So real, there's no mistaking

I'd give it all up for you, I swear

Only for real love [Verse 2: Chanyeol]

Love is a high, we feelin' alive

You lovin' the size, if you love me, I love you

I give you more, you feelin' the flow

You never let none of them bring down the vibe

Hustle to win, we be livin' in sin

Makin' us two of a kind

If you love me, babe we got temples to build

Ain't no haters can step to our grind

We got that empire mind

That be real (That be real)

That be real (That be real)

That be real (That be real)

You be the bank on my side, nothing but dimes

Let's make a deal

Let's make a deal

Let's make a deal, together freal [Outro: Tinashe & Far East Movement]

Freal luv (give me that freal luv, that real love, that chill love)

Freal luv

Freal luv (give me that freal luv, that real love)

Freal luv
