

# Friend to All

## Nails

Always out for yourself  
Your opinion is someone else's  
Friend to all, friend to all, you're not a fucking friend to all  
Friend to all, friend to all, you're not my fucking friend at all  
Social climbing cocksucker  
Five faced motherfucker  
Sucking up to another  
In my eyes you are a peasant  
Pushing some bullshit agenda  
Come to us and get rejection  
You don't fucking stand for shit  
Die
