

# Head

## Otep

In that final look  
Does the deer forgive the wolf ? You've stolen my fascination  
You've smothered my holy addiction And now I'm soaked in you  
Like fat white worms and sad haikus I woke up  
& the world was on the fire I woke up  
& the swine had conspired To erase all the faith  
That I have in the human race I woke up  
& the world was on fire It's all in your head  
It's all in your head  
They said I need to flee Are they the shepherds ?  
Or are they sheep ?  
Are we the butchers ?  
Or are we meat ? In this nest of lies  
Living a life under siege  
We sink in the stink  
& I need my disease It's all in your head  
They said I need to flee  
This neverending ordinary monarchy Beneath the toxic water  
Where my secrets come to meet  
In catacombs of shadow  
& wet skies of mystery I found a soggy savior  
A painted lady made of eyes  
She sings to me, of my deceit  
"your life is a lie" I woke up  
& the world was on fire I woke up  
& the swine had conspired To erase all the faith  
That I have in the human race I woke up  
& the world  
Was  
On  
Fire It's all in your head  
It's all in your head  
They said I need to flee Are they the shepherds ?  
Or are they sheep ?  
Are we the butchers ?  
Or are we meat ? In this nest of lies  
Living a life under siege  
We sink in the stink  
& I need my disease It's all in your head

They said I need to flee  
This neverending ordinary monarchy  
If we stand too still,  
They're gonna eat us alive!  
Watch your tongue,  
Teach them young...Medicate the mutiny.  
Better living with your chemistry  
Self destruction's patriotic.  
Money fixes everything.  
Watch your tongue,  
Teach them young...We're taught  
To love & hate  
To fight & obey...I've lost my mind,  
But I've found my way  
(in this nest of lies  
Every wall has eyes)  
It's all in your head  
It's all in your head  
They said I need to flee  
Are they the shepherds ?  
Or are they sheep ?  
Are we the butchers ?  
Or are we meat ?  
In this nest of lies  
Living a life under siege  
We sink in the stink  
& I need my disease  
It's all in your head  
They said I need to flee  
This neverending ordinary monarchy
