

Head

Otep

In that final look
Does the deer forgive the wolf ? You've stolen my fascination
You've smothered my holy addiction And now I'm soaked in you
Like fat white worms and sad haikus I woke up
& the world was on the fire I woke up
& the swine had conspired To erase all the faith
That I have in the human race I woke up
& the world was on fire It's all in your head
It's all in your head
They said I need to flee Are they the shepherds ?
Or are they sheep ?
Are we the butchers ?
Or are we meat ? In this nest of lies
Living a life under siege
We sink in the stink
& I need my disease It's all in your head
They said I need to flee
This neverending ordinary monarchy Beneath the toxic water
Where my secrets come to meet
In catacombs of shadow
& wet skies of mystery I found a soggy savior
A painted lady made of eyes
She sings to me, of my deceit
"your life is a lie" I woke up
& the world was on fire I woke up
& the swine had conspired To erase all the faith
That I have in the human race I woke up
& the world
Was
On
Fire It's all in your head
It's all in your head
They said I need to flee Are they the shepherds ?
Or are they sheep ?
Are we the butchers ?
Or are we meat ? In this nest of lies
Living a life under siege
We sink in the stink
& I need my disease It's all in your head

They said I need to flee
This neverending ordinary monarchy
If we stand too still,
They're gonna eat us alive!
Watch your tongue,
Teach them young...Medicate the mutiny.
Better living with your chemistry
Self destruction's patriotic.
Money fixes everything.
Watch your tongue,
Teach them young...We're taught
To love & hate
To fight & obey...I've lost my mind,
But I've found my way
(in this nest of lies
Every wall has eyes)
It's all in your head
It's all in your head
They said I need to flee
Are they the shepherds ?
Or are they sheep ?
Are we the butchers ?
Or are we meat ?
In this nest of lies
Living a life under siege
We sink in the stink
& I need my disease
It's all in your head
They said I need to flee
This neverending ordinary monarchy
