Head

Otep

In that final look

Does the deer forgive the wolf ?You've stolen my fascination You've smothered my holy addictionAnd now I'm soaked in you

Like fat white worms and sad haikusI woke up

& the world was on the fireI woke up

& the swine had conspiredTo erase all the faith

That I have in the human raceI woke up

& the world was on fireIt's all in your head

It's all in your head

They said I need to fleeAre they the shepherds?

Or are they sheep?

Are we the butchers?

Or are we meat ?In this nest of lies

Living a life under siege

We sink in the stink

& I need my diseaseIt's all in your head

They said I need to flee

This neverending ordinary monarchyBeneath the toxic water

Where my secrets come to meet

In catacombs of shadow

& wet skies of mysteryI found a soggy savior

A painted lady made of eyes

She sings to me, of my deceit

"your life is a lie"I woke up

& the world was on fireI woke up

& the swine had conspiredTo erase all the faith

That I have in the human raceI woke up

& the world

Was

On

FireIt's all in your head

It's all in your head

They said I need to fleeAre they the shepherds?

Or are they sheep?

Are we the butchers?

Or are we meat ?In this nest of lies

Living a life under siege

We sink in the stink

& I need my diseaseIt's all in your head

They said I need to flee This neverending ordinary monarchylf we stand too still, They're gonna eat us alive! Watch your tongue, Teach them young...Medicate the mutiny. Better living with your chemistry Self destruction's patriotic. Money fixes everything. Wach your tongue, Teach them young...We're taught To love & hate To fight & obey...I've lost my mind, But I've found my way(in this nest of lies Every wall has eyes)It's all in your head It's all in your head They said I need to fleeAre they the shepherds? Or are they sheep? Are we the butchers? Or are we meat ?In this nest of lies Living a life under siege We sink in the stink & I need my diseaseIt's all in your head They said I need to flee This neverending ordinary monarchy
