

Corallina

Lulu Mae

Corallina, are living off of someone else's scheming?
You always say you're too picky,
I think that's nonsense,
There's just no one in the world who's quite like you.

Corallina, did you sink your teeth into the bottom of the ocean?
You've got the water pushin' on you,
Now let it hold you.
Corallina you've been on our mind.

(Chorus)
And the world don't spin,
Until you walk in, Corallina.

Now Corallina, I've got a friend over in Memphis
And he is lonely.
You know he asked me for your number,
And I'm thinking maybe.
Corallina you've been on his mind.

Oh Corallina, is the first big drop the one that always scares you?
You've been down so long,
I think you need a rescue.
Corallina you've been on my mind.

(Chorus)
And the world don't spin,
Until you walk in, Corallina.

Oh Corallina, did you sink your teeth into the bottom of the ocean?
You've got all of them around you,
Now let 'em hold you.
Ah Corallina you've been on their mind.

Oh Corallina, you've got all them around you,
Now let 'em hold you.
You've been down to long,
we're comin' to you rescue.

Oh Corallina you've been on our mind.

(Chorus)

And the world don't spin,
Without you in it, Corallina.
