

Happy

Young Dubliners

I wanna look behind your eyes
And gently brush the hair back from the face
Cause baby I just realized
Seeing you there in that light
Is better to be kind and right
And I'm about to bridge this kiss between us 'Cause baby I'm ready to dig in
Ready for more than skin on skin
This is where love begins
So I say I'm gonna tell you bout my man
'cause it makes you happy
I wanna brush to hold your hand
Why know it makes me happy
I'm gonna love you best I can
'Cause I know it makes you happy I know I've made some big mistakes
I learned the hardest lessons that await
So adios to foolish pride
I've got nothing left to hide
I stand here open wide
And everything inside of me is saying Baby I'm ready to dig in
Ready for more than skin on skin
This is where love begins
So I say I'm gonna tell you you're my man
'Cause it makes you happy
I wanna rush to hold your hand
It makes me so happy
I'm gonna love you best I can
'Cause I know it makes you happy
Oh, why know I'll make you happy
And I wanna see you happy I want us to be happy And we're going to be happy 'Cause baby I'm ready to dig in
Ready for more than skin on skin
This is where love begins I wanna rush to hold your hand
I wanna see you happy
I'm gonna love you best I can
'Cause why know it makes you happy
Oh, why know I'll make you happy
Why know I wanna see you happy I'm gonna tell you you're my man
I wanna hear you laughing
I wanna rush to hold your hand
And I love your smile

I'm gonna love you best I can
'Cause that's what makes me happy
Oh why know I'll make you happy
And I want us to be happy I'm gonna tell you you're my man
I wanna rush to hold your hand
I'm gonna love you best I can
'Cause I know it makes you happy
