Drops Of Jupiter (Made Famous by Train)

Drops Of Jupiter

Now that she's back in the atmosphere
With drops of Jupiter in her hair, hey, hey
She acts like summer and walks like rain
Reminds me that there's time to change, hey, hey
Since the return of her stay on the moon
She listens like spring and she talks like June, hey, hey
Hey, hey
But tell me did you sail across the sun
Did you make it to the Milky Way to see the lights all faded
And that heaven is overrated?
Tell me, did you fall from a shooting star
One without a permanent scar
And did you miss me while you were looking for yourself out there?
Now that she's back from that soul vacation
Tracing her way through the constellation, hey, hey
She checks out Mozart while she does tae-bo
Reminds me that there's room to grow, hey, hey, yeah
Now that she's back in the atmosphere
I'm afraid that she might think of me as
Plain ol' Jane, told a story about a man who is too afraid to fly so he never did land
But tell me did the wind sweep you off your feet
Did you finally get the chance to dance along the light of day
And head back to the milky way
And tell me, did Venus blow your mind
Was it everything you wanted to find
And did you miss me while you were looking for yourself out there
Can you imagine no love, pride, deep-fried chicken
Your best friend always sticking up for you
Even when I know you're wrong
Can you imagine no first dance, freeze-dried romance
Five-hour phone conversation
The best soy latte that you ever had, and me
But tell me did the wind sweep you off your feet
Did you finally get the chance to dance along the light of day
And head back toward the Milky Way?
And tell me did you sail across the sun
Did you make it to the milky way to see the lights all faded
And that heaven is overrated?
And tell me, did you fall from a shooting star

One without a permanent scar
And did you miss me while you were looking for yourself
Na-na, na-na, na-na
Na-na, na-na, na-na
And did you finally get the chance to dance along the light of day?
And did you fall from a shooting star, fall from a shooting star?
And are you lonely looking for yourself out there?
