

# I'll Try Something New

## The Miracles

I will build you a castle with a tower so high

'Til it reaches the moon

I'll gather melodies from birdies that fly

(Fly, fly)

And compose you a tune Give you lovin' as warm as mama's oven

And if that don't do, then I'll try something new

(I'll try something new) Oh, I will take you away with me

As far as I can to Venus or Mars

(Venus or Mars)

There, we will love with your hand in my hand

You'll be king of the stars Every day, we can play on the Milky Way

And if that don't do, I'll have to try something new

(I'll try something new, something new) I will bring you a flower from the floor of the sea

To wear in your hair

Thank you, I'll do anything and every little thing

To make you happy boy, to show you that I care I'll pretend I'm jealous of all the fellas

And if that don't do then I'll try something new I'll try something new

I'll try something new

I'll try something new

I'll try something new

I'll try something new
