

# Suga Suga Suga

Keith Sweat

Baby, I love it when you're talkin' too dirty to me  
You got me so excited and I really wanna please you, boy  
I just gotta feel you, boy, it's drivin' me insane  
And I need it once again  
So come and get your suga, suga, suga  
'Cause when we're alone it's for real, ain't no jokin'  
And I love the little thing that you do  
And you love it when you make me say, ooh, woo, woo, woo!  
Suga, you know what I want  
Suga, you know what I need, that's right  
Suga, you know how to make a man feel good, girl, all night  
(Suga, you know how to make a man go crazy)  
Suga, won't you tell me what it is  
That makes you so genuine  
When you take your clothes off, suga  
Oh, you're so damn fine  
Suga, suga, suga, can I have a taste?  
Suga, suga, suga, it'll be a waste  
If you don't make good love, tonight  
If you don't share your love with me tonight  
Suga, suga, suga, can I have a look?  
Suga, suga, suga, listen to this hook  
You can give your love to me girl tonight  
Suga, you know you have  
A certain special quality  
The way you make your body shake  
You make that [incomprehensible]  
Oh, girl  
I got a funny feelin' and I know that  
You're willin' to make sweet love to me  
I want you, suga, this is my fantasy  
Yeah, yeah, yeah, yeah, yeah, suga  
Baby, ya do me  
And baby, I'll do you  
We can start with you on top  
And I'll end up on top of you  
Moan, baby, moan, baby, moan  
Let's make love tonight  
Like Marvin said, suga

Let's get it on!  
Suga, suga, suga, can I have a taste?  
Suga, suga, suga, it'll be a waste  
If you don't make good love, tonight  
Suga, suga, suga, can I have a look?  
Suga, suga, suga, listen to this hook  
You can give your love to me girl tonight  
Yeah, yeah, yeah, yeah, yeah  
Baby, I love it when you're talkin' too dirty to me  
You got me so excited and I really wanna please you, boy  
I just gotta feel you, boy  
It's drivin' me insane and I need it once again  
So come and get your suga, suga, suga  
'Cause when we're alone it's for real ain't no jokin'  
And I love that little thing that you do  
And you love it when you make me say, ooh, woo, woo, woo!  
Suga, suga, suga, can I have a taste?  
Suga, suga, suga, it'll be a waste  
If you don't make good love tonight  
Suga, suga, suga, can I have a look?  
Suga, suga, suga, listen to this hook  
You can give your love to me girl tonight
