

# Should I Call You Jesus?

Billie Myers

Religions all around the world  
Every man, every woman, every 'wanna be a martyr'  
We have to learn, to learn  
The way we need to live together  
Religions all around the world  
Every man, every woman, every 'wanna be a martyr'  
We have to learn, to learn  
The way we need to live together If the planet Earth stopped revolving  
Would religion really matter anymore?  
And if Jerusalem began dissolving  
You'd see the man from Salt Lake City at your door 'Cos I believe  
Yeah I believe  
That there's so much more than we can see  
I believe  
Do you believe?  
That there's more to life, there's more to life than this Should I call you Jesus? Should I call you Buddha?  
Don't you know Jehovah, he read the Kabbala  
Should I talk to Allah? Does it really matter?  
God is God by any God given name If the Vatican built all the temples  
Would confession drive the innocent insane?  
And if charity organized religion  
Would there be wealth enough to chant away the day? 'Cos I believe  
Oh, I believe  
That there's more to life, there's more to life than this Should I call you Jesus? Should I call you Buddha?  
Don't you know Jehovah, he read the Kabbala  
Should I talk to Allah? Does it really matter?  
God is God, by any God given name Should I talk to God?  
Should I ask His name?  
Some people, some people say, He won't answer  
I say that, oh the question should change Our Father who art in heaven, ancient, omnipresent  
Hallowed be thy name  
Legendary reincarnation, chameleon of faith  
Untruth man made  
Our Father who art in heaven  
If I get your name wrong  
Will you turn me away? Should I call you Jesus? Should I call you Buddha?  
Don't you know Jehovah, he read the Kabbala  
Should I talk to Allah? Does it really matter?  
God is God, by any God given name Religions all around the world

Every man, every woman, every want to be martyr  
We have to learn, to learn  
The way we need to live together  
Religions all around the world  
Every man, every woman, every want to be martyr  
We have to learn, to learn  
The way we need to live togetherIt doesn't kill and it doesn't violate  
It isn't vicious discriminate  
It isn't massacre bloodshed  
Conflict or slaughter  
Barbaric torture, barbaric terrorReligions all around the world  
Every man, every woman, every want to be martyr  
Live together  
Religions all around the world  
Every man, every woman, every want to be martyrJesus, come over here and have a beer
