

# Here Comes Trouble

## Bad Company

You only get one chance to get even  
So don't tell me who's wrong or right  
You know there's just one thing that I believe in  
I won't give in without a fight, hey  
I'm hot, ready or not  
You know I'm coming  
I can't wait to wipe that straight  
There ain't no point in running  
Here comes trouble, walking down your street  
Here comes trouble, and ready soon we're gonna meet boy  
Here comes trouble, I'll come running through that door  
You'll soon see what I've been waiting for, here comes trouble  
You better watch your step, yeah I mean it  
You're just running out of time, yeah  
And you got a nasty streak, I mean it  
You're just running out of time  
Too bad, you made me mad  
And you gotta know it  
You'll see, you know me  
I can't wait to show it  
Here comes trouble, walking down your street, hey  
Here comes trouble, and ready soon we're gonna meet boy  
Here comes trouble, I'll come running through that door  
  
You'll soon see what I've been waiting for, yeah  
You only get one chance  
You'd better believe it  
When I tell you  
Who's wrong or right  
Hey baby, I'm bad  
You'll be knocking with [Incomprehensible]  
You're gonna see a bad new me  
Knocking with [Incomprehensible]  
Here comes trouble, you better wait  
Here comes trouble, [Incomprehensible] baby  
Here comes trouble, I'll come running through that door  
And you'll soon see what I've been waiting for, yeah  
Here comes trouble, you better wait  
Here comes trouble [Incomprehensible] baby

Here comes trouble running through that door  
You'll soon see what I've been waiting for, here comes trouble  
You'd better wait  
[Incomprehensible] baby  
I'll come running through that door  
You'll soon see what I've been waiting for, here comes trouble
