Tonight the Sun Will Rise

People In Planes

It looks like there's no cake left for me
But I think you like that, secretlyWhy don't you cut your hair
with cutlery
So you can see your target much more
clearlyCrushed
You just got super crushed
You thought you let me go
But I think you have said enough
It's not exactly what I had in mind
It's the blindly and the blind
Tonight the sun is gonna rise overhead
I can see a ghost town up ahead, yeahSomewhere over the rainbow
A storm is brewing
And it's just like Cain and Abel
All over againCrushed
You just got super crushed
You thought you let me go
But you've already said too much
It's not exactly what I had in mind
It's the blindly and the blind
Tonight the sun is gonna rise overhead
I can see a ghost town up ahead, yeah
